POLITICAL RIOTS.

Meeting of Citizens at Wilkins' Hall—The Inability of the Mayor to Preserve Order Fully Demonstrated.

Pursuant to a call issued by the Mayor and published in the evening papers of yesterday, a public meeting, irrespective of party, was held at Wilkin's Hall last evening, "to devise measures to aid the Mayor in the protection of processions, of either party, while moving through the streets of the city."

At four o'clock a large number of persons having responded to the call, the Mayor took the stand and read the call, at the conclusion of which he made his usual speech, stating that he had at all times endeavored to do his duty and administer the laws without prejudice, etc., etc., (the same speech made at the hearing in the notorious Dake case, and repeated on the witness stand in the Court House at the trial.)

On motion of Mr. W. B. Cherrington, the Mayor was called to the Chair.

The following named gentlemen were selected as Vice Presidents: Thos. A. Steele, Esq., Ald. Jno. A. Strain, Hon. Geo. Wilson, John A. Wylie, Charles Jeremy, Gen. A. L. Pearson, J. R. Butterfield, Esq., Wm. Rafferty, Col. Joe Brown, Wm. Little, Esq., and Col. W. A. Herron.

Secretaries—Reporters of the Press.

A. J. Baker offered the following resolution:

Resolved, That the Presidents of all Clubs, Republican and Democrats, be visited by a Committee from this meeting and requested to have no more torch-light processions.

Mr. McCarthy moved that the resolution be laid on the table.

After considerable discussion, the motion to lay on the table was adopted.

Mr. T. J. Keenan offered the following resolution:

Resolved, That the preservation of the public peace and the protection of person and property is the highest duty of the civil authorities, and in order to this end, in view of recent events in our midst, we heartily endorse the recommendation of Mayor Blackmore, that the Clubs of each political party cease all parades until after the election of Tuesday next.

In offering the resolution, Mr. Keenan very improperly prefaced it with a short Democratic speech, which, as a natural consequence, created confusion, as the meeting was not called in the interest of any party, or at least so the call read.

A motion was made to adjourn, but was voted down.

Mr. Myler took the stand, and after order had been partially restored, proceeded to speak against the resolution. He was in favor of having parades, and said that they should be protected by the authorities. If the police force was insufficient, the Mayor was authorized to call out an additional force and it was his duty to do so. He said that he was a Republican, and the commander of a Grant Club in Allegheny City, and as a citizen of that city would guarantee protection to Democratic as well as Republican processions, notwithstanding the police force in that city is but meagre, in comparison with the force of Pittsburgh, yet Mayor Drum, with his little handful of men, could preserve order and protect all processions, so long as they were peaceable and orderly, against any attack.

Mr. Keenan, at the conclusion of Mr. Myler's remarks, again took the floor, and in advocating his resolution made a bitter partizan speech, in which he alleged that every Democratic procession held in the city during the campaign had been assaulted. His bitter partizan remarks had a tendency to create a confusion and the speaker seeing that he had attempted too bold a game, left the chair upon which he had been standing and sneaked out of the room, and nothing more was heard of his resolution.

Mr. Kelly, of the Fifth ward, then took the floor, and in a few remarks expressed himself in favor of having processions, and also of protecting them against the assaults of ruffians and vagabonds. The respectable citizens of his ward, he said, were willing to turn out on all occasions and defend processions of either party against attack, and could do it if the men in procession would not leave the ranks.

Mr. Rafferty followed and suggested that respectable citizens of the ward be constituted a special police force for the purpose of keeping order.

Mr. Bartley T. Campbell succeeded in gaining the attention of the audience for a few moments, when he offered a resolution requesting the Mayor to call out a special police force for the protection of processions.

The resolutien was adopted.

Mr. A. J. Baker then submitted a lengthy resolution, the purport of which we were unable to ascertain, but it was not adopted, consequently it is of no importance.

John C. McCarthy, Esq., and several others addressed the meeting, all of whom, in the course of their arguments, admitted the inability of the present incumbent of the Mayor's office to discharge the duties of the office.

How Mayor Blackmore Does Business.

In June last an information was made against Jack Bradford, before Acting Mayor Alderman Butler, by officer Wm. A. Hoak, charging that gentleman with felonious assault and battery. Officer Hook was engaged in making an arrest when he was struck with missiles thrown by said Jack Bradford, inflicting serious injury upon his head. About three weeks thereafter Bradford was arrested and taken before His Honor Mayor Blackmore, who for some reason best known to himself, discharged the case on the payment of costs by Bradford. Yesterday morning officer Hoak renewed the charge before Alderman Morrow. Bradford was arrested and held for trial. This is the same Bradford discharged by His Honor, Mayor Blackmore, yesterday morning for alleged complicity in the recent riotous proceedings. It is needless to say that Bradford is one of the Mayor's friends, and a prominent Democratic politician of the old Third ward. Comment is unnecessary.

Young Men's Bible Society—Jubilee Report.

R. C. Miller, Esq., President of the Young Men's Bible Society of Pittsburgh, has placed us under obligations for a copy of the Jubilee Report of that Institution. It has been prepared with considerable care, and gives a succinct history of the operations of the Society during the fifty years of its existence. It recalls many pleasant reminiscences of the past, and will be read with interest by all who take an interest in the Bible cause in our city and county. As stated in our report of the proceedings of the Society, at its annual meeting in April last, of the original founders of the Institution only two survive—John Graham and James Wilson, Esqs. We understand the Managers are prosecuting the work of Bible distribution with considerable energy, and it is to be hoped that they will meet with a liberal support. We commend the perusal of the Jubilee Report to our readers.

ALLEGHENY PARK IMPROVEMENT.

Report of the Commissioners—Progress of the Work.

The following report of the Park Commissioners was presented and read in the Allegheny Councils, last evening. We publish the report entire, as it contains many items of interest and importance to the public:

OFFICE OF PARK COMMISSIONERS,
ALLEGHENY CITY, October 1, 1868.

To the Honorable, the Select and Common Councils of Allegheny City:

GENTLEMEN—In accordance with the requirements of the law, the Park Commissioners beg leave to submit the following information:

They would first remark that in order to carry out the provisions of the act creating the Board, and providing for an assessment of the common improvement upon all the property embraced within the limits of the city, it was necessary to do a great amount of preliminary work. As provided by the act, a complete set of plans of the city were prepared showing the front age, area, and ownership, of each lot; and on this basis the assessments were made.

The improvement, as a whole, when completed, being the criterion by which it would be judged, it was necessary to give the question of the proper plan of treating the ground careful and deliberate consideration as alterations during the progress of the work might be such as to destroy the symmetry of the whole.

This preliminary was completed and approved by Councils in November last. All this work was required before the Commissioners could get the approval of Councils and proceed in the construction; the amount and difficult character of the work, together with the failure on the part of the city to construct the sewers running through these grounds, has caused this very vexatious delay in pushing forward the improvement. After getting the approval of Councils, the Commissioners proceeded to make the assessment. The evident intention of the act being to give the Board a yearly income of $22,000.00, to be derived by taxation, it was necessary in making the assessment to make allowance for errors, exonerations, losses, etc., and inasmuch as there was some question as to the legality of the levy on certain property in the city, the merits of which the Board did not feel competent to pass upon, they concluded to levy a tax upon all, and make it such an amount as would, in their judgment, yield them after all deductions the sum of $22,000.00. The amount they fixed at $28,000.00. The result so far indicates that the allowance made was not too great.

Amount of exonerations for errors to date	$ 500
Assessments in dispute, Church and School property	2,500
Railroad property in dispute	1,000
Errors	500
Total	$4,500
Up to October 1, 1868, they have expended the sum of	$22,749,10

Which was divided under the following preliminary heads: For preliminary work, which includes making Register of Plan of Lots, making Assessments, preparing plan for treating grounds, &c. $3,773,89

PARK CONSTRUCTION.

Grading and shaping of grounds, which includes cutting and filling required for shaping the surface, excavation or embankment for roads, footwalks, &c.	$8,080,96
Tools	147,68
Miscellaneous expenses	151,72
Total for Park construction	$8,980,26

They have made contracts for the following work, which is now in progress and which will be completed this fall:

With John Swan for the grading of West Commons at 50 cents per cubic yard.

With Robert Henderson, for stone for roads and walks, at $1.29 per cubic yard.

With Stein & Patterson, for gravel for roads and walks, at 90 cents per cubic yard.

The different works of the Common improvement have not sufficiently progressed to justify any lengthy remarks upon their character. They, therefore, drop that subject, and would speak of the efforts of the Commission in other preliminary arrangements. It is evident to any one that without the hearty co-operation of the Pittsburgh, Fort Wayne and Chicago Railroad Company with the Commissioners in carrying out their plans, the effect of the improvement would be seriously injured. Their attention was early directed towards securing the co-operation of the officers of the Railway Company, who have been reported as unfavorably disposed towards the improvements and unwilling to assist in any way. In a recent interview with Gen. Cass they found this report entirely erroneous, and were very much gratified at the promptness with which he entered into the spirit of the thing, agreeing to do all the Commissioners desired, and further assuring them that the Company would do nothing that would disgrace the improvement. They propose to erect a substantial wall on each side of their road where it traverses the West Commons, and dsurmount the same with an ornamental iron fence. They also propose to pave the gutters and make such improvements on the tracks and street bridges, that they will present a neat appearance and be in keeping with the surrounding grounds. It being necessary to enclose at once the portions of the ground under preparation for planting, the question of a proper fence was carefully considered; ultimate economy would indicate that a permanent fence be erected, but this would involve a much larger outlay than the Commissioners felt authorized to make and was therefore abandoned. They now propose to enclose the ground with a cheap wooden fence as rapidly as the progress of the work requires it, and ultimately replace the same with a permanent ornamental iron fence. They have asked for proposals for fencing the North Common and a part of the East Common, and should the sewers progress with sufficient rapidity they expect to do quite an amount of planting this fall.

Meeting in the Allegheny Diamond.

The Republicans of Allegheny held a grand rally in the Allegheny Diamond last evening. The Germania Brass Band furnished the music on the occasion. The meeting was called to order by John A. Myler, Esq., at 7½ o'clock, and the following officers elected:

President—J. C. McCombs.

Vice Presidents—Col. John H. Stewart, Col. Geo. Gerst, Col. Wm. P. Dill, Capt. John Ballentine, Capt. B. F. Jennings, S. S. D. Thompson, John McDonald and G. Wetlatch, Esq.

Secretaries—Reporters of the Republican Press

Previous to the commencement of the speaking Henderson E. Davis, Esq., moved that a vote of thanks be tendered to His Honor Mayor Drum, and the police force under his control, for the courageous and effectual manner in which they suppressed rowdyism and preserved the peace of the city on the occasion of the Democratic procession, Monday evening last.

Hon J. K. Moorhead was introduced as the first speaker of the evening, and made a telling address of about an hour's length, which was frequently applauded. General Moorhead was followed by B. F. Corkhill, who entertained the audience for some time with an eloquent and logical presentation of the issues of the hour. The meeting was prolonged until ten o'clock, and adjourned with three cheers for Grant and Colfax.

SWEETEST OCTOBER.

BY MIRA BURKS.

I.

O! round red moon, slip under the hill,
And slide away and away,
For eyes will be peering,
And lips will be jeering,
And idle words will they say.
I hear nis s-pein the thicket brown,
I feel his breath in the air,
For lips that are jeering,
And eyes that are peering,
Ah! why should I care—I care?

II.

O! some may sing of the dear sweet June,
And some may sing of the May,
But dear October,
When lily and clover
Are withered and faded gray.
For low in the long, dim groves,
He whispers and murmurs to me,
And kisses are sweeter,
Than winds that blow fleeter,
Up from the blossoming lee.

III.

The West is whistling a plaintive stave.
In the brown reeds by the shore;
The cricket is calling,
The gold leaf is falling,
The cloud glides over the star;
The pheasant whirs from the stubble bare,
The wild goose springs from the shore,
And my dear is calling,
"Come hither, my darling,
And love me forever more."

—The following original epitaph contains a piece of advice which we do not wish our friends to take:

She lived a life of virtue and died of
Cholera morbus, caused by eating green fruit,
In the full hope of a blessed immortality.
At the early age of twenty-four.
Reader, go thou and do likewise.

—The pork crop of the approaching season it is expected will be one of the largest ever raised. This will be partly owing to the general success of the corn crop. In consequence of this belief many of the Cincinnati and Chicago packers are enlarging their business facilities.

—Francis, otherwise known as Bomba the Second, is very anxious for Napoleon to help him regain his old kingdom, and promises to do all sorts of things in return for Napoleon, who, however, thinks a bird in the hand worth two in the bush, and holds on to what influence he already has in Italy.

—A venerable plough will be exhibited at the State Fair in Portland, Me. It has a seven feet beam of white oak, a stout iron coulter, an oak share sheathed with iron, and a pair of ash handles, like immense davits, projecting four feet in the rear. The wood is seamed and wrinkled, but tough and sinewy still.

—In one of his speeches at Philadelphia Gen. Killpatrick said: "If a Copperhead dares to insult you, boys in blue, smash him." On this principle we suppose the Copperhead party acted on Wylie street night before last. They considered themselves insulted by unilluminated window and smashed them.

—A young woman in Alexandria, Va., whose parents had refused her permission to attend the ball of a Friendship Fire Company last week, as the front door of her house was locked, jumped from the second story window, and repairing to a neighbor's, where she had before sent her ball-dress, attired herself, and participated in the forbidden festivities.

—At a recent tableaux party, the scene of Bluebeard's dead room was shown—six pretty heads all bloody, suspended along the wall, the bodies, of course, being behind the canvas. As the curtain descended, one of the heads was observed to smile. It was afterwards ascertained that some one had stolen behind the scenes and kissed the hand of one of the wives.

—In the city of Marseilles a man lived on bad terms with his wife. One day, while waiting for his dinner, he remarked that the flies fell dead on touching his bowl of soup. Without saying a word he changed the bowls, giving his wife the one she had placed for him. Before long the acute sufferings of his better half convinced him that he had narrowly escaped being poisoned.

—Yesterday we alluded in these columns to the fact that a gentleman had supplied tubs of water and tin cups to the Democratic crowd on the Commons, in front of his residence on Monday. Exception having been taken to our version of the motives attributed to him, we now state that we alone are responsible for the sentiments therein expressed, as we do not profess to know those of the gentleman referred to.

—We have accounts of an accident which almost happened to Napoleon, at Lannemezan. His charger, bitten by flies, grew restive, and if his Majesty had not resorted, like John Gilpin, to the mane, he would have been thrown. M. Raimbaux, whose horse's nose saved the Emperor of Russia from Berezowski's pistol, was at hand, seized the charger's head, and enabled the chief of the State to dismount and call for another horse.

—A man was dying. He had a friend—an author. The friend came to him. To comfort him! No; to read a manuscript. He produced a packet, and drew his chair to the bedside of the dying man. "Only a few chapters," he said, insinuatingly. "But, my dear friend," urged the faint voice of the departing one, "I've only an hour to live." What was the reply? "Yes, yes, I know all that, but this will only take you twenty minutes."

—An old definition of constitutional laziness comes from Ohio. Standing on the steps of one of the single-team taverns of that State was an unwashed Buckeye, whose shabby exterior did not indicate an industrious man. A gentleman on the opposite side of the street remarked to his companion, "There's old Tom again. Wonder how he got out this cold day. He is the laziest man in town by all odds." "Lazy," replied his friend, "he isn't lazy; he was born tired."

MESSRS. EDITORS:—We observed in the *Republic*, of Wdnesday, that hundreds of Republicans joined in the Democratic procession on Tuesday. This is intended to convey the impression that the Republicans who belong to the Labor Reform party are in league with the Democrats. But for the credit of my friends and co-workers, we beg leave to say that no declarations of this sort should receive any credit, even if uttered by the most responsible parties.

The Labor Reform Republicans, if we may so name them, will never strike hands with an organization that seeks to climb into power by *pretending* to patronize *labor* and its *advocates*. As *true* Republicans, we only desire a fair share of legislation, and expect to obtain it by fair means. We were doing well until we fell into the embrace of a drowning giant, and our hopes are quietly sinking beyond recovery in the arms of a desperate monster who swims in a sea of American blood.

Who will dare to say Seymour and his "friends," will bring peace and prosperity to men who are free, unconquered and who will not be governed either by "railroaders" or Ku-Klux.

RIVER NEWS.

The river has undergone but little change since the date of our last report, the Monongahela marks indicating a little more than three feet. It commenced to rain early yesterday morning, but subsequently, it become quite cold, and in the evening it looked more like snow than rain.

There has been no arrivals since Wednesday, and there were no departures excepting the new steamer Economist, for Arkansas river.

There are quite a number of boats due, among others, the Armenia, Armadillo, Tennessee, and G. A. Thompson. These boats have doubtless been delayed by low water, and it is probable that some of them will not be able to reach here until there is a rise.

The Camelia, Capt. Thos. Poe, is announced to leave for Nashville to-day. She is a very light draught steamer, and will be able to go through with dispatch.

—The R. C. Gray, left Cincinnati, for Pittsburgh on Tuesday, with all the freight she wanted.

—The Thompson Dean, which it is stated cost $165,000, is going to St. Louis to load for New Orleans.

—The Glasgow, arrived at Cincinnati on Tuesday, and after putting out 150 tons freight, proceeded on to Louisville.

—The Messenger left Cincinnati for Pittsburnh on Tuesday evening, drawing five feet—pilots Elbert Williamson and Capt. Jesse Dean.

—The America, enroute from Pittsburgh, to St. Louis, passed by Cincinnati on Tuesday morning loading to the guards; pilots Edwin Patterson and Geo. Burke.

—The following named gentlemen are Capt. Donaldson's securities, all residents, we believe, of St. Louis: Benj. Johnson, Henry C. Yeager, Thos. Morrison, Bart. Able, J. N. Bofinger, Theo. Laveille, Geo. C. Wolf, Geo. D. Capen, and Chas. M. Elleard. The Captain had been in jail since June 24th.

—We clip the following from the Cincinnati *Commercial* of Wednesday: The St. Charles will leave on Monday for Pittsburgh. Capt. Charles Dravo will command, and Messrs. Geo. L. Reppert, Henry Chapin and J. M. Lovett, will be found in the office. Capt. Ben. Hall and Joe Whitten will have charge of the pilot-house, Joe Dodson, formerly of the Wild Wagoner, goes on her as steward.

—We exiract the following from the report of the local inspectors at Cincinnati, in regard to the explosion of the tow-boat Tigress:

An examination of the collapsed flues when taken from the boilers, developed the following facts:

The starboard flue showed breaks on separations, between the rivets where the second and third sheets from the forward end connected, and had evidently given way in places at some previous time, the locality being such as rendered it impossible to detect the imperfections, and the strength of the iron being lessened caused it to give way first at that point.

Both flues were collapsed their entire length, the port flue retaining its original shape on its port side for almost its entire length; the starboard flue having evidently been the first to give way: the concussion forcing it against the port flue caused it to collapse in the manner and direction as above stated. Both heads of the boiler sustained injuries sufficient to require them to be replaced by new ones, which, together with two entire new flues, were put in.

The port flue of this boiler gave way duridg the fall of 1863, while at the landing at Pittsburgh, Pennsylvania, when it was immediately replaced by a new one. It is probable that the new flue inserted at that time, owing to its expansion and contraction being greater than the other, produced an irregular strain upon the starboard flue, causing it to give way gradually at the laps.

It is the opinion of this Board that the accident was occasioned by the giving way or separation of the iron in portions of the starboard flue, which gave away gradually, and which could not be detected.

Mr. Russel, the first engineer on duty at the time of the accident, is a man of reliable character, and an attentive and skillful engineer; there being nothing in the testimony or in the circumstances attending said disaster tending to show neglect of duty or inattention on his part, he is hereby acquitted from any censure by this Board.

GOLD closed in New York Yesterday at 130½.

ALABAMA decides to choose her Presidential electors by the popular vote, providing fair and wise regulations therefor.

THE citizen who, at the close of the election next Tuesday, shall be able to say to himself, "I could have got my Union neighbor to the polls to-day, but did not," is not himself a good Union man.

HOW MANY of their lawful rights must the Republicans of Pittsburgh surrender to help an incapable Mayor in preserving the peace, or to soothe the exasperated ruffians who are to vote for him next Tuesday?

HAVING annexed Alaska, bargained for St. Thomas, and proposed to buy Cuba, Secretary SEWARD pushes his theory of Annexation by proposing to himself to be married next week. His sixty-seven years, though frosty, are yet kindly.

THIS orderly city of Pittsburgh seems to be governed, not by law, but by the sufferance of ruffians and the forbearance of good citizens. We admonish our people that such a condition of things never changes except for the worst.

THE disgraceful license with which ruffians, banded for the expressly declared purpose, assailed a procession of Republican citizens on Wednesday evening in this city, is but a fair example of what our citizens may expect from a continuance of the present Mayor in office. Vote for BRUSH!

SHALL Pittsburgh be governed, now or at any other time, by the forbearance of its ruffians, or by the power of the law? Oh! for one hour of Mayor BRUSH, to prove how easily and honorably this question would be answered! Try to have patience, friends, until relief shall come to avert the present disgrace."

BLAIR's brutality and violence were accurately illustrated by his "friends" at the corner of Wylie and Tunnel streets, in this city, on Wednesday evening. The blackguards of that locality have precisely the same idea of a "carpet-bagger" as obtains with the Alabama Democracy. What do our people think of that doctrine, when thus exemplified practically at home?

MAYOR BLACKMORE owes, to the good name of Pittsburgh, disgraced as it has been by his recent inefficiency in the repression of disorder, to detail an ample force of reserves to occupy the locality which was the scene of the disorders, and then to march every [illegible] county [illegible] with music, [illegible] will be the worse for our good name.

SAID MCCLELLAN, since 1864, "I would not, for fifty Presidential chairs, subject myself to the annoyance and almost humiliation which I experienced from Democratic leaders during that contest." His disgust was equally apparent, in the carefully chosen words with which his letter of last week piled up indignant scorn upon a bastard Democracy.

THE citizens of Allegheny have much occasion to feel grateful for the public spirited and generous proposition made by Gen. GEORGE W. CASS, of the Pittsburgh, Fort Wayne and Chicago Railroad Company, looking to the improvement of the public grounds. In our local columns will be found the report of the Commissioners, which fully sets forth what he proposes to do.

A MAYOR, with a thimble-full of "pluck," and conscious of the full responsibilities of his oath, to preserve the peace and to maintain the legal rights of every citizen, would swear, perhaps as sternly as did ANDREW JACKSON, that no citizen of his constituency should be divested of one hair's-breadth of his utmost legal rights, so long as the laws confer adequate power for their protection.

ALL THE friends of the Union, who can reach Greensburg to-morrow, will participate in the last grand rally for that district, before the October election. The meeting will be addressed by eloquent speakers and there will be a good time generally. Excursion tickets will be issued at the usual reduced fare from Pittsburgh, from Johnstown and from the Indiana Branch, and intermediate points.

SEYMOUR's "friends," the New York rioters, asylum-burners and murderers, still live, and a strong delegation of them have settled in Pittsburgh. As SEYMOUR wanted the draft stopped to accommodate his "friends" then, so BLACKMORE wants processions to disband, to please the same "friends" now. Loyalty to the laws, whether in '63 or '68, don't see it in that way. The parallel is complete, and its lessons concur.

OF one hundred and eighty-six Southern delegates in the New York Convention, *one hundred and ten* had been in the rebel service. These old rebels, rebels still, made the Democratic platform and selected the Democratic candidates. The voice of the people will soon show how heartily Northern loyalty, and the honest Democracy of JACKSON, JEFFERSON, DOUGLAS and DIX, can submit to such treasonable dictation.

THE Pittsburgh *Post* is informed, that of the two paragraphs which it quotes from this journal, touching Mayor BLACKMORE's connection with the Wylie street disturbance on Tuesday night," the editorial remarks were based on the actual facts, and that the local notice was neither warranted by those facts, nor would it have appeared had it been observed before publication. We regret to add that we have not found aught to commend in the Mayor's action in the premises, except apparent good intentions feebly supported in execution, or wholly ignored in the event.

THE denial of the *Post* that Democrats are responsible for the recent disturbances of the peace will pass for no more than it is worth with those who know the facts. Nothing is more clearly susceptible of proof than the aggressors in each case were "friends" of SEYMOUR and BLAIR, and that the Republicans asserting their privileges in the public streets, avoided a collision until their own safety required to be defended. For the truth of this statement we challenge the fullest investigation, and hope it may be more thorough and complete than anything which Mayor BLACKMORE has yet done in that line.

THE public meeting called by Mayor BLACKMORE to take some action to prevent any more riotous proceedings in the city, and held yesterday, was a complete farce, and resulted simply in advising the Mayor to strengthen himself in such a way as to enable him to fully discharge his duty. The council was unnecessary. The law in the premises is plain and clear enough, and the Mayor should have the moral courage to enforce it. He has force sufficient at his command, if well directed, to keep down riot and disorder, and, if more police are necessary, let him appeal for aid to the proper Committee of City Councils, and not to a parcel of excited partisans in meeting assembled.

HORATIO SEYMOUR did not answer to his name at the Triennial Episcopal Convention in New York the other day. He was on hand, however, six years ago, when, in the same body, he opposed the adoption of "a form of prayer in relation to the wicked rebellion then prevailing, for the safety of the country and the success of our armies," in a long and bitterly partizan speech, begging the Convention not thus to condemn "hundreds of thousands of absent brethren," the rebels who could not attend "to speak for themselves." Then as now, in church or in State, HORATIO stood up for his "friends"—whether the rioters of New York or the dead-line marksmen of Libby and Andersonville. And this is the shameful recreant who now entreats the sweet voices of a loyal people!

IF MAYOR BLACKMORE is very anxious to preserve the peace of this community he should not have been presiding at a meeting called to instruct him what to do, and to encourage him with a promise of support when he makes up his mind to discharge his duty, while the rowdies of the old Third ward were planting a cannon on the corner of Webster and Tunnel streets and arming themselves with muskets. Had a squad of police been sent to that neighborhood the roughs would have dispersed, and the turbulent manifestations in those quarters last evening spared the peaceful portion of the community. Will Mayor BLACKMORE pay a little attention to that section of the city, and favor the people with some knowledge of the war-like preparations being made for another outbreak?

THE PRICE OF NATIONAL PEACE.

The election of GRANT means Peace and the supremacy of the Law. He says it; we, his supporters, constantly declare it; his and our past history proves it, and our opponents confess it. The election of SEYMOUR and BLAIR means the instant inauguration of another bloody and convulsive conflict, of War, Anarchy, the overthrow of existing governments and institutions, and an armed effort to replace these with other governments and institutions not known to the Law, in defiance of its decrees, and in disregard of the protests of millions of armed citizens. If this does not mean another Civil War, even more bloody and terrible than the last, there is no meaning in either words or deeds. Which do you prefer, Democratic fellow-citizen—Peace and Order, and a lawful deliberation upon public affairs, or War and Blood and Ruin for all? Do you distrust Southern loyalty, under any skin, so deeply that, rather than suffer them to govern themselves, you would plunge the whole Republic into chaos? Do you sympathize with your old rebel enemies so sincerely, that you demand their re-instatement in power, at any terrible cost? You know that GRANT's election will give to us all Peace, Order, and time for thoughtful and patriotic deliberation, upon all questions of National or State interest. You know, just as well, that with the election of BLAIR, Peace flies the land, *whatever may be the rights of the South;* that deliberation and arguments end, and Brute Force comes in; and that, as GRANT's election may be the price you pay for the repose of the nation, so you must purchase rebel rule in the South, after the election of your own ticket, at the unspeakable cost of Suffering, Life, Property and Liberty itself. Are you not thus willing to give too much for a "Democratic" victory, when its price shall be the prosperity of the entire North, the blood and treasure of our own people, and perhaps the continuance of the Republic itself? And is not the success of the Republican ticket a very small price to pay for ensuring an undisturbed Repose, a Renewed and Invigorated Prosperity of all the people, and the orderly revision and adjustment of vexed political issues, by the peaceful methods of Congressional deliberation and Judicial appeal. These are the only remedies, for all evils whatever, provided by the wisdom of our fathers. Are these not enough for their children, or must we fly to the infernal ordeal of battle to settle our civic disputes?

There is no good citizen who will not now say: "I want Peace, and I will have it, no matter what it costs me; even my political theories are not worth fighting for, when the fathers of the Republic have given us a better remedy in the ballot. I will vote for Peace and its candidate, and prove my hereditary faith in the wisdom, patriotism and sufficiency of the institutions given to us of old. The three departments of my governments are ample for the redress of all ills. I trust them still and will uphold them. Least of all, will I vote to blot two of these departments out of existence." It is thus that hundreds of thousands of old-time Democrats, all over the North, are reasoning with themselves. Let all good citizens come and do likewise!

LOYALTY TO THE FRONT.

Major S. B. SMITH, a leading Democrat in VALLANDIGHAM's district, has taken the stump for GRANT and COLFAX. Hon. James L. SEWARD, of Georgia, a BLAIR man until last week, also comes out now squarely for the candidate of Peace. Gen. CHARLES DEVENS and Hon. H. C. LEE, the Democratic candidates for Governor and Lieutenant Governor in Massachusetts in '66, are both warm supporters of GRANT. The only son of STEPHEN A. DOUGLAS, inheriting his lamented father's sound Democratic principles, and revering his example, now speaks for the Union and its Great Captain.

General DEVENS, mentioned above, in announcing his adhesion to the true Democracy of the National Union party, says:

"I see unredeemed mischief in all the aspects of Mr. Blair's policy. The flag with which he marches at the head of the Democratic column is the black flag of discord and civil war for the country, and of a war of races for the South. The mass of his misguided followers are honest and well-intentioned, but it is none the less true that he is leading them in a broad and straight road to ruin."

Since writing the above we meet the announcement that Chief Justice CHASE has also come out openly and decidedly for GRANT. What a comentery upon BLAIR's impudent assertion that the Supreme Court had declared the illegality of reconstruction!

MR. T. J. KEENAN, signing himself "Chairman of the Democratic County Committee," yesterday published a manifesto to the Democratic clubs requesting them not to parade, and thus conform to Mayor BLACKMORE's desires. He thus concludes:

"As during this exciting campaign, the conduct of Democrats on all public occasions has been remarked as most orderly and forbearing, they should do nothing now that would give the slightest pretence of excuse for disorder or violence to the promoters of riots."

Was there ever anything more ridiculous, more impudent or refreshing? Mild mannered lambs of innocence, the blushing boys who would travel a mile out of their way to avoid a fuss, the pinks of honor, the shriekers for peace, are these Democratic youths who parade our streets! All of the fighting of the campaign, however, all of the riotous proceedings which have marked the past few weeks, have been laid to their doors and nailed there with precision, by the riotous Rads. Mr. KEENAN's production will allay the alarm of the people, as many had entertained the idea that there were such bands as the "mud-larks" and "Thrugmullians" identified with the Democrrtic party hereabouts, who care little for law and less for public decency. Let us have peace.

IT IS a matter of congratulation that the peace meeting held yesterday, did not result in a riot. A few more such insulting harangues as the Chairman of the Democratic County Committee made, would have secured what he evidently courted.

MORE REDUCTION OF THE DEBT.

Secretary MCCULLOCH's official statement for October 1st, shows an existing total of debt, less cash on hand, of $2,534,643,718.95. Of this amount, $7,000,000 were paid for Alaska, and $39,634,000 are for bonds issued to the Pacific railways. Deduct this total of $46,634,000, for these items, from the aggregate now reported, and the actual debt on the 1st of October was $2,488,009,718.95, a reduction of $4,990,594.08 since September 1st, and of $269,679,852.48 from the highest point, August 31st, 1865. The Secretary is justly gratified in this result, and in being able to assure the country that the decrease during the current month is likely to be still greater.

Remember, in this connection, that Mr. BUCHANAN left the country with over ninety millions of the debt already created, by his administration, in a time of profound peace, and with its credit so shamefully impaired, that his Treasurer, HOWELL COBB, reported to Congress, in December, 1860, that he was unable to borrow even $10,000,000, and that, for such driblets as he was able to procure, he had been obliged to pay *twelve* per cent. interest.

The total disbursements in September for every purpose were a little over $3,000,000, for civil, miscellaneous, and foreign intercourse, a little over $2,000,000 for the navy, over $5,000,000 for the Interior, pensions and Indians, $9,600,000 for *interest* and about $9,000,000 for the War Department. The interest item we owe to the first Democratic rebellion, and all of the war expenses over $3,000,000 we owe to the Democratic preparations for the second rebellion which BLAIR has threatened and which his friends of the South are in hot haste to inaugurate now. Deduct for these two items, in all say $15,600,000, which "Democracy" is costing the nation each month, and add to that sum the extra amounts paid for pensions, bounties and for what the same Democracy has cost the other departments of the government, and not less than $20,000,000 of September's payments will stand representing the present outgo per month for the expenses made by the "friends" of SEYMOUR and BLAIR.

HOW MANY TICKETS?

At the October Election, in all the districts of Allegheny county, outside the city of Pittsburgh, each voter will deposit two tickets.

1. One ticket embracing the names of all State officers voted for, and to be labelled "State."

2. One ticket embracing the names of all County officers to be voted for, including Senator and members of Assembly, and member of Congress, and to be labelled "County."

In all the districts included within the present limits of the City of Pittsburgh, there will be these two tickets and three more.

3. One ticket embracing all City officers to be elected, that is to say, this year, Mayor, Controller and Treasurer, and to be labelled "City."

4. One ticket embracing the names of all candidates for City Councils to be voted for, and to be labelled "Councils."

5. One ticket embracing the names of all School Directors and other Ward officers to be voted for, and to be labelled "Ward." This ticket will include all candidates not embraced above.

CONNECTICUT REDEEMED.

Last Spring, the Democracy carried the State by 1,764 majority. The town elections of last Monday, including nearly all the State and all of the Democratic strongholds, show the *Republican majority* to be not less than *three thousand*. Our most effective gains have been in the registration boards, being four to one in favor of the Republicans. In this regard, the importance of these local elections is significantly indicated. The astonishing reduction in the Democratic vote in Hartford and New Haven, where that party have ever been strongest, affords a gratifying proof of the progress of the Great Popular Stampede which is to carry President GRANT upon the wings of a whirlwind.

Democratic reader, if you love your country and be not hopelessly a party-slave, heed these voices from Vermont, Maine and Connecticut, trim your lamps brightly, and fall in at once with the Friends of a Lawful and Unbroken Peace! Your *country* calls, and your hearts already respond. Be men, and rally now to the old flag!

THE ONLY RADICAL OBSTACLE.

Were there no laws, Democracy would be everywhere triumphant. From Maine to the Gulf, in every State of the Union, they conduct this canvass, basing all their hopes of a victory upon the evasion or the defiance of some existing law. At the North, their game rests upon naturalization frauds and illegal colonizations; at the South, they shoot Union men and hang sheriffs as disturbers of the peace. In Missouri, West Virginia and all other States where a loyal registration is required, they bully the official boards, and openly threaten to disregard their authority. Time was when a more respectable Democracy fought its battles and won its victories within the pale of the law itself; their only hope for a triumph now is by thus trampling laws under foot. BLAIR struck the key-note, HAMPTON led the tune and the National Democracy swells the chorus of a rebellious and violent resistance to Constitutions and laws, whether National, State or municipal.

"As a matter of abstract right, of course any procession is privileged to pass unmolested through any street of the city, and it is a disgrace to Pittsburgh that they cannot do so; but it is the worst of policy for intelligent, thoughtful men to provoke a fight needlessly in such times as these, when a spark may explode a magazine."—*Pittsburgh Chronicle.*

Doubtless, all are agreed that Pittsburgh is "disgraced", by the denial to our citizens of their privilege to pass [illegible] the streets, but opinions *do* differ as to the necessity of accepting such an interpretation of that privilege as may suit the inclinations, or comport with the judgment of such lawless scoundrels as haunt the purlieus of any large city like this. In our own judgment, the hour, to enforce the law to its extreme letter, comes when that law has been trampled upon with the most audacious insolence. It is not the hour to yield an indisputable right, abstract or otherwise, when it is challenged by the hand of a scoundrel at one's throat. We want peace, and demand it from our municipal authorities; not from their "friends," as a favor, but from themselves as a duty.

TO THE REPUBLICANS OF PITTSBURGH, ALLEGHENY AND THE ADJACENT BOROUGHS.

Information of a trustworthy character has reached this Committee that the cities and adjacent boroughs are swarming with men brought here from other States to vote on Tuesday next.

Not one of these men is legally entitled to vote. They will be found in every election district, and it is the duty of Republicans, not only to watch for them, but to avail themselves of the remedies provided by law for the punishment of illegal voting.

We call, therefore, upon the Republicans of each election district to act in conjunction with their Vigilance Committees, and make immediate arrangements for challenging every doubtful vote, and for such a scrutiny, under oath, of the doubtful voter, as will ascertain the truth of his claim to vote; and if any one offering to vote is found wilfully guilty of attempting to cast a fraudulent ballot, *arrest him on the spot and carry him before the nearest Republican Justice of the Peace.* The prompt arrest of these offenders and their instant committal will deter others from attempting a similar fraud.

REPUBLICANS! We cannot be beaten in this State, except by fraud; and fraud cannot succeed if you are vigilant and active, on election-day. The law provides abundant remedies against illegal voting, and it is for you to put these remedies in force. Let it be understood that every illegal voter will be arrested and committed, and but few frauds will be attempted.

We appeal to you, therefore, to consult together, at once, in your several election districts, and arrange your Challenging Committees, so that the first instance of fraud shall be met with a prompt arrest.

VIGILANCE is all that is needed for a complete Republican victory in this city, county and State. This you owe to the good cause, and this duty we feel assured you will faithfully discharge.

By order of the Republican County Committee. RUSSELL ERRETT, Chairman.
JOHN H. STEWART, Secretary.

The Covode-Foster Agreement.

Hon. JOHN COVODE sends us the annexed card. We print it with pleasure, inviting attention to the fact that the Pittsburgh *Post* refuses to give it a place in its columns. Why this refusal, must be left to inference:

EDS. GAZETTE: The prosecution commenced by me against Ed. J. Keenan in Pittsburgh, for colonizing votes in the Twenty-first District, was yesterday settled by us in the office of Samuel A. and W. S. Purviance, and as some misrepresentation has been made in reference to the same, I deem it necessary to make the following statement: On the 7th inst., about noon, I found General Foster in the above named office in the back room; we went together into the front room, and were there for some time, talking over the subject of difficulty, to wit: The alleged colonization of voters, with a view to its adjustment. While thus engaged, Ed. J. Keenan came in and joined in the conversation, protesting his innocence of the charge. After a full and free conversation, Mr. Keenan declared that there should be no illegal votes polled in the district, and if any were offered and received they should be stricken from the count, and that notice should be given of this to the officers of the elections. General Foster said "That is right, I want no illegal votes polled on either side." I then said "that is all I desire, and if that is done I have nothing further to say and the prosecution will be withdrawn." I requested Mr. Keenan to put it in writing, which he did. In pursuance of this, I shortly after went to the Alderman's office and had the prosecution withdrawn.

It was understood and agreed that the above was to be published as editorial, and I requested by separate note Mr. Shryock to insert it in his paper.

The above was substantially what occurred in the presence of Hon. Samuel A. Purviance, who is hereby voucher for its endorsement. JOHN COVODE.

NOTE THESE FACTS.

The object of this article is to call the attention of the feeble and ailing to *themselves*. Ordinarily, business, pleasure, in short, almost everything in this sublunary world obtains more consideration than the preservation of that blessing with which nothing earthly should be put in comparison, viz: *health*. This is a dangerous season, and it does not find the human system in the best condition to defy its perils. To use a homely phrase, the torrid summer weather "takes the starch out of people," and leaves them limp and languid. The fires of vitality burn low. The naturally feeble are unusually depressed; the naturally strong are not as vigorous as they might be. Seven-eighths of the community feel more or less the influence of the atmospheric changes which produce the malarious diseases common in October and November. It is as a protective against the effects of these changes that HOSTETTER'S STOMACH BITTERS have obtained no small portion of that celebrity. The Great Vegetable Tonic of the Age is not only a specific for Chronic Dyspepsia, Indigestion, Biliousness, and Nervous Complaints, but also a preventive of malarious epidemics. Whoever wishes to be insured against an attack of Intermittent or remittent fever (both of which prevail to a melancholy extent all over the country,) will do well to resort, without delay, to this famous invigorating and anti-bilious specific. Quinine has had its day. It leaves a sting behind, and physicians are beginning to discard it. But HOSTETTER'S BITTERS become more popular and command a vaster sale with each successive season, simply because they produce a better medicinal effect than any of the powerful poisons used as tonics, and are at once a safe and palatable preparation.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out the animal economy all effete and used up material. Dr. KEYSER'S LUNG CURE is enriched by some of the most valuable plants and herbs known to be useful and curative in all deteriorated states of the human blood, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, so hopelessly incurable, and so most surely fatal. Let any one afflicted with any pulmonary disease try but one bottle, and they will be convinced of the value of Dr. Keyser's Lung Cure. Sold by the gross, dozen or single bottle, at Dr. KEYSER'S Great Medicine Store, 140 Wood St.

MAYOR'S OFFICE,

PITTSBURGH, OCTOBER 7TH, 1868.

PROCLAMATION.

WHEREAS, Information has been received by me from a most reliable source, that certain persons are combining for the purpose of procuring weapons to be used in attacking political processions and public meetings, and committing other unlawful acts, I deem it my duty, as Chief Magistrate, to issue this, my Proclamation, enjoining on all good citizens to keep the public peace and to refrain from all acts calculated to endanger it, and in view of recent disturbances, I feel it incumbent on me to largely increase my police force, and will, if necessary, call to my aid the Sheriff of the county in order that the safety of the citizens may be secured, and I now hereby notify all violators of law and order, without regard to persons or parties, that I will faithfully maintain the laws, and will use my utmost endeavors to suppress riot and bring offenders to condign punishment, and I hereby invite all good citizens to aid me in the preservation of the public peace, and request the heads of all political processions and meetings to co-operate with me in the suppression of violence and disorder.

JAMES BLACKMORE, Mayor.

OCTOBER 7—10 O'CLOCK P. M.

The above Proclamation was written, in full expectation that its public appearance this morning would be timely to prevent any encounter of citizens. The danger of the public peace has been anticipated by this night's events; and I now call upon each and every good citizen of this community, irrespective of all parties, to assist me by their individual influence in the suppression of that which would be regretted by our entire community, and for the first time stain the fair fame of Pittsburgh.

As a means toward accomplishing this good and desirable end, I earnestly suggest to the Clubs of either Party a complete cessation of all parades, now that the day of election is so near at hand, when the public peace must be preserved, for the sake of the undisturbed sacred right of the ballot.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 8, 1868.

Gold was very dull and weak and declined about 1 per cent.; at the close the market was steady, and numerous buyers were anxious to cover their coacts. A 6 or 7 per cent. money market, however, is unfavorable to a rise of gold premium, and the almost certainty of electing such persons to manage our finances as will restore confidence in the paper issues of the United States Government, will do much to depress the premium.

Government bonds were dull today, and declined about ½ per cent., in sympathy with the price of gold and the willingness of large holders to buy at present prices; any further decline in gold likewise influence the price of securities. Speculators, however, predict much higher prices.

The stock market is very steady, and firm with an upward tendency, all the stock that were selling at concessions in the morning were firmer, and close higher in the afternoon. A strong combination is at work at present to put up the price of Erie to the old figures; they are trying the street, and having promptly responded a sudden jump of 5 or 6 per cent. may come at any moment. Fort Wayne and Ohio and Mississippi, are the only stocks that have declined. Express shares were rumored to be a poor investment at present prices, showed more strength than was supposed.

Money is freely offered at advanced rates, and business has nearly come to a stand still.

CHICAGO, October 8.—Cattle, good shipping in fair request; sales at $3,87½ for common to good cows; $4,60a5,62½ for fair to medium and $5,25a6,25 for good smooth shipping steers Hogs, market very much depressed and 20a30c. lower on better grades; common and light lots nominally 30a40c. lower; sales at $7,25a7,90 for ordinary to medium and $8,00a8,65 for good to choice. Freights dull and unchanged.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 8, 1868.

There is nothing really new or important to note in the tone of the general markets. Wheat has advanced considerably in Chicago within the past forty-eight hours, but as the advance is owing wholly to a speculative movement, it is not likely to be permanent, and it may go lower than it has been at any time yet. Flour, notwithstanding the upward movement in Wheat, does not appear to sympathize, as yet, with the exception, perhaps, that it is held with more firmness.

APPLES—In good supply and dull but unchanged; sales at $2,50 to $3,50 for fair to prime, and $3,75 to $4 per barrel for choice.

BUTTER—Is dull, with a spply considerably in excess of the demand, and prices are lower; we now quote packed at 35 to 37c, and prime Roll at 39 to 40c.

EGGS—Dull, and under the influence of increased arrivals, prices are a shade lower; we now quote at 22 to 23c.

CHEESE—Is firm with regular sales at 17 to 20c, according to quality.

SEEDS—Flaxseed continues scarce and in demand at $2,50. Timothy Seed is in good supply and dull, and cannot fairly be quoted above $3 to $3,25. Cloverseed—no price established.

SALT—Is dull and unchanged; Allegheny River brands are still quoted at $1,75 on track, and $1,90 to $2 in store.

CRANBERRIES—Sales of prime cultivated at $16 per bbl.

HAY—Is quiet and unchanged; quoted firm from country wagons at $28 to $38 per ton, as to quality.

PROVISIONS—Bacon unchanged at 13¼ for Shoulders; 15½ to 16c for Ribbed, and 17½ to 18c for Clear Sides, and 20c for Sugar Cured Hams. Lard 20½c, in tierces, and 21 in kegs. Mess Pork, $30,50 to $31.

LARD OIL—Firm but unchanged at $1,25 for No. 2, and $1,50 for No. 1.

TALLOW—Prime rendered is in steady demand at 12½ to 13c.

HEMP—Quoted at $200 per ton.

GRAIN—Wheat is quiet and nominally unchanged; we quote No. 1 Spring at $1,75 to $1,78, and No. 1 Winter at $2. Barley is scarce, and with a steady demand, prices are fully maintained; prime Penna and Ohio Spring $2, and prime Canada at $2,10. Oats—sales on track at 65 to 66, and in store at 67 to 68. Corn is quiet; small sales at $1,15 to $1,17, as to quality. Rye, $1,40.

WHISKY—Is firm and in fair demand but unchanged; sales Rectified at $1,25 and Highwines, $1,35.

FLOUR—Is a shade firmer but unchanged. Spring Wheat brands may be quoted at $8,50 to $9,25. The mills continue to quote Extra Family at $10,30 in bbls, and $10, in sacks; Double Extra at $10,80, in bbls, and $10,50 in sacks. Rye Flour, $8,50.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 8, 1868.

CRUDE.

The market was exceedingly quiet today, not a single sale reported, and so far as we could learn, there was but little offering, and very little inquiry to buy. Prices however, remain unchanged, 12½ being regarded as the standard quotation for spot, as well as all the month. November and December, may be fairly quoted at 12, the last sales reported being at the figure. The first half of 1869, is nominal at 10 cents, sellers option; there has not been a sale for that delivery for some weeks, but the last one reported was at that figure.

REFINED.

The Refined market was also exceedingly quiet to-day, and compared with yesterday, there is but little change in prices. Sale of 1,000 bbls for first half Oct., at 50 and 500 for last half at 31. Later in the day, 30½ was the best offer for the last half but it is only fair to state, there were no sellers. The last three months are nominal at 30 offered, and 30½ asked; Nov. alone 30½ to 30½ and December 30. During the past few days, October has dropped from one to one and a half cents, and November and December, are also off slightly, but not as much as October.

Annual Meeting of the Board of Foreign Missions.

[By Telegraph to the Pittsburgh Gazette.]

NORWICH, CONN., October 7.—At last evening's session the American Board of Commissioners of Foreign Missions, Rev. H. Nelson, of Cincinnati, preached the annual sermon from John twelfth, and thirty-second. The discourse was able and commanded the earnest attention of the audience.

At the first session to-day, Rev. T. B. Treat, of Boston, read a lengthy appeal in support of missions, reciting what had been done in the field, and expressing hope for the future.

Hon. Wm. E. Dodge, of New York, followed, expressing his satisfaction at the state of the treasury. He reviewed the amount of contributions to the missions in former years, and compared them with this year, stating that the gold value of the the contribution this year was less than in previous years, and it had not given the missionaries so much power to work on foreign ground in 1867 and '68 as we give them twenty years ago. He asked, Have we done what we ought to have done? He reviewed the increase of wealth of our country in the last two years and said he did not think we had done our duty to the cause. God had been bringing the world together and opening a new field for evangelical labor, while laborers all over the world are crying for assistance. In conclusion he moved to refer the paper of Mr. Treat to the Committee, and the subject to be open for discussion this evening.

S. B. Chittenden, of New York, made a speech, in which he said there was cause to thank God and take courage—that in the face of possible embarrassments and probable debt the fiscal year had closed with a small balance in the Treasury. If we can only bring home to the hearts of Christian people that this is a good institution and worthy of support, the Treasury would be equal to all demands upon it for all time. He thought if the Board could only meet on heathen ground that the public interest in the Missions would be increased. He proposed that the Board meet in New York, which he declared to vie for wickedness with any land in heathen dominions. He commented on the generous hospitality of the citizens of Norwich, but thought it was an imposition to put such a burden upon any people. He proposed that the next time the Board meet it shall be on the broad prairie, in the heathen city, or in a big tent.

Gen. Wm. Williams, of Norwich, responded, saying there was still room, and he hoped that more would yet come to occupy it. (Applause.)

Judge W. M. Strong, of Philadelphia, Chairman of the Committee appointed last year on disabled missionaries and missionary children, read a report reviewing what had been done under the rule of 1835. He reported against a home to be supported by the Board, and against the entire support of children of missionaries. He also reported against a Seminary devoted to the reception and education of missionary children, and recommended adherence to the established rules of the Board, and in view of the increased expense of living that the fixed appropriation for the support of children be increased.

The Standing Committees were appointed and the meeting adjourned until this afternoon.

The subject under discussion in the afternoon session was the report of Judge Strong, of Philadelphia, on the subject of "support of superannuated missionaries and missionaries' children." An amendment was offered to the resolutions accompanying and embodying the substance of the report, declaring that the Christian Church owes its missionaries so to support them as to enable them to care properly for their children without the intervention of the Board or Agencies, and that the Board be instructed to act upon this principle so far and so fast as circumstances will permit. After a long discussion the amendment was rejected and the report adopted and resolution passed.

Adjourned till evening.

Evening Session—At the evening session of the American Board of Foreign Missions resolutions were adopted recommending churches co-operating with the Board to raise not less than $600,000 in aid of its treasury during the ensuing year, and that the Financial Committee be requested to give to the public the results of their experience in the matter of Missionary collection, and indicate the best method in their opinion for securing more prompt and more generous contributions.

Prayer meetings and the mothers' and children's meetings were held during the day and evening

NEW YORK, October 7, 1868.

PROTESTANT EPISCOPAL CONVENTION.

The triennial General Convention of the Protestant Episcopal Church convened this morning at Trinity Church, where the opening services were performed. After temporary organization it was found that of the House of Bishops there were forty-two members present, of which the following is a partial list: Smith, of Kentucky, Presiding Bishop; McIlvaine, of Ohio; Kemper, of Delaware; Johns, of Virginia; Eastburn, of Massachusetts; Green, of Mississippi; Williams, of Connecticut; Whitehouse, of Illinois; Davis, of South Carolina; Atkinson, of North Carolina; Lee, of Iowa; Potter, of New York; Clark, of Rhode Island; Odenheimer, of New Jersey; Bedell, of Ohio; Green, of Texas; Whipple, of Illinois; Lay, of the Southwest; Talbolt, of Indiana; Stevens, of Pennsylvania; Welmer, of Alabama; Vail to Kansas; Cox, of West New York; Quintard, of Tennessee; Clarkson, of Nebraska; Foote, of Pittsburgh; Randall of Colorado; Wilmer, of Louisiana; Cummins, of Kentucky; Armitage, of Wisconsin; Neely, of Maine; Tuttle, of Montana; Young, of Florida; Beckwith, of Georgia; Whittle, of Virginia; Bissell, of Nermont.

Bishop Upfold, of Indiana, and Bishop Chase, of New Hampshire, were unable to attend on account of indisposition.

The Clerical and Lay Deputies occupied seats at the head of the nave, and were received by a committee of arrangements appointed for that purpose. There were one hundred and sixty Clerical Deputies, the same number of Lay Deputies. Clergy generally, the Lay members of the Board of Missions, and other Church institutions, and the Vestry of Trinity Church occupied seats in the nave behind the Deputies. The south aisle was reserved for the families of Bishops and Deputies and of the vestry of Trinity. The north aisle was devoted to the use of the public, and this, as well as all other portions of the church, was crowded. The services were conducted by the Rev. Potter, D.D., Rector of Grace Church, and Secretary of the House of Bishops, assisted by Rev. Dr. F. Perry, of Connecticut, Secretary of the House of Clerical and Lay Deputies.

The first lesson, Isaiah 41st, was read by Rev. Canon Balch, of Montreal, and the second, Luke 10th, by Rev. Wm. Perry, of Connecticut. The 8th selection of psalms was read. In the course of the service the Gloria Patria being sung by the choir, the creed and concluding prayers were said by Rev. Wm. Ketchum, of England. The litany was said by Rev. M. A. Hoffman, of Philadelphia. The psalm, after which was from the 99th selection, verses 6 and 7th in the ante-communion service. Four Bishops took part. The opening portion, including the Ten Commandments, was read by Bishop Eastburn. The Epistle was read by Bishop Atkinson and the Gospel by Bishop Johns. The hymn was "Old hundred," verses 1, 2, 5 and 6. Bishop Lee, late of Delaware, then ascended the pulpit and his text from Rev. II, 7. "He that hath an ear to hear, let him hear what the Spirit saith to the churches." In the course of an able argument in favor of simplicity in worship, he said the theory that the ministry was of a sacerdotal character was not sanctioned by the Protestant Episcopal church. The very genius of Protestantism showed this, and according to one of the articles the pretense of offering up Christ by masses, &c., was a grave and dangerous error. The Episcopal ordination service merely gave authority to preach the word. The preacher next referred to the power of forgiving sins, claimed by the clergy, and denied any such power was possessed by them. A good error was the giving of ecclesiastical censure, which was the same as giving the power to retain sins. He dwelt lengthily on this matter, and referred to the eucharist as not a propitiatory sacrifice. The next alluded to the innovations which have taken place in sensuous ceremonies which merely strike the eye. A minister was not ordained to be master of ceremonies, to value the cut and color of garments and bow down in foolish pantomim But this underlay another and more dangerous business, which could only be evaded by going back to the purity for religion. He maintained Christ as the rule of faith and practice, Himself the only propitiator, and His blood the only cleanser of sin, while His word was our only absolution and intercession, and if we had these in their simplicity and purity then we had the true faith. If not a Protestant church, we have no right to be considered a church at all and the reformation would be considered a mere sham. On this platform we must stand and make Christ as He is the Alpha and Omega and the author and finisher our faith.

He next touched upon Christian Union, which he said, should not be effected by going to parties far removed from us in faith, and being at best superstitious. We should choose between the dead past and the living present, and not go back to the cloister and the cowl for our faith. Hear a party among Protestant Christians is possible was a question that could not be answered in a moment, but Christian fellowship could be fostered and practised, and this would lead to a union more lasting than any other. Let us give such concessions as would conciliate those who were a measure differing from us. True conciliation could only be obtained by speaking truthfully, by earnest prayer, and by earnest but loving argument, and by looking to Him only as our priest who offered Himself as a sacrifice for the sins of the world. He concluded with an earnest prayer that God would bring about such a reunion for Christ's sake. The sentences of the Liturgy were then read by Bishop Lee, of Iowa, and the congregation proceeded to the holy communion. The offerings were announced by the Bishop of Iowa, to be equally divided between foreign and domestic missions.

At those of the communion service, the House of Bishops retired, and Rev. Mr. S. Perry of Connecticut, Secretary of the last Convention, called the House of Clerical and Lay Deputies to order.

In calling the delegates from New York, Governor Seymour did not answer.

On motion, the Board proceeded to the election of a President of the Convention.

Mr. (nominated Rev. J. H. Craig, D.D., of New York, and, as there was no opposition, the Reverend gentleman was elected by acclamation.

Revs. Mr. Meads and Mr. Otis, were appointed a Committee to conduct the President elect to the Chair.

The President, after thanking the Convention for this renewed mark of their confidence, spoke with thankfulness that they once more been permitted to assemble together, and he spoke with regret of the loss of many shining lights of the church among whom were Rev. Francis Hawley, Hon. Washington Hunt, Judge Chase, and Hugh D. Evans.

Rev. Dr. Haight then read for the information of the House the rules to be adopted, as follows: Business Sessions to be held in Trinity Chapel; the House of Bishops to be in the School House of the Chapel; morning prayer each day at ten o'clock, and session to continue till four P. M.; no meetings in the afternoon, and the Board of Missions to meet every night at seven o'clock.

On motion, Rev. Mr. Perry, D. D., of Connecticut, was elected Secretary, and Rev. J. J. Hodges, D. D., was appointed Assistant Secretary.

A message was received from the House of Bishops stating that body to be organized and ready for business. A committee of one was appointed to convey a similar message to the House of Bishops.

The rules of the last Convention were adopted as the rules of the present House, with others be framed.

Rev. Otis moved that the number on each standing committee be increased from nine to fifteen, which after some objection was agreed, and the Convention then adjourned to 10 o'clock to-morrow morning.

UNITARIAN NATIONAL CONFERENCE.

The National Conference of Unitarians met to-day. The address of welcome to the delegations was made by Hon. T. D. Eliot. Rev. E. Hall, of Boston, read the report of the Council of the National Conference. Fifteen local conferences have been established, and a committee on business was appointed: D. B. Eaton, of New York, Rev. Mr. Woodbury, of Providence, Messrs. Potter, of Chicago, Frothingham, of Buffalo, and Forbush, of Cleveland. After some discussion on the question of local conferences, an order of business was reported. The subject of Theological Schools was then discussed. Rev. Mr. Collier read a paper on the subject, and addresses were made by Rev. Dr. Gannett in favor of the absorption of the school at Boston into Harvard College, and by Rev. Mr. Barnard, of Boston, in favor of two schools, one at Cambridge, and the other at Chicago.

Struck Him.—Joseph Padosky alleges that Jacob Stewart struck him. Stewart was arrested on a warrant issued by Alderman McMasters, and gave bail for trial on a charge of assault and battery.

Look! Look! Look! Look Out for a Cheap Home.—Look out for G. H. Tower's advertisement of Houses, Farms and Lots that will appear in the GAZETTE in a few days. Remember to miss this you will miss a chance.

Salute to be Fired.—A piece of artillery has been procured, and a salute will be fired on the river bank, this evening, by a squad of men under command of Captain John Floyd, previous to the grand demonstration.

The Opera House.—A capital bill is offered to-night. Strangers in the city attending the Fair should not fail to pay a visit to this temple of the drama, as no where else in the city can they put in a more pleasant evening's enjoyment.

The Third and Fifth Wards Grant and Colfax Clubs hold a meeting this evening at half past seven o'clock, at the School House, for the purpose of transacting important business. All members are requested to be present.

Crowded Out.—Owing to the press upon our columns yesterday, we were compelled to cut off important matter, which had already been placed in type. An extended report of the testimony in the recent locomotive explosion investigation was prepared, and crowded out for the same reason.

Robbery on a Train.—F. W. Little, while coming from Steubenville on Monday, by way of the Panhandle Railroad, was robbed on the train of his watch, a valuable silver time-keeper, and twenty dollars in greenbacks. He has no clue to the thief, and was not aware of his loss until he arrived in this city.

Butchers Attention.—The loyal Rupubbutchers of the South Side, will turn out this evening *en masse*, to participate in the Republican torchlight demonstration. Every loyal butcher in the vicinity in sympathy with the cause, is invited to join with them in one more glorious rally before the final charge.

Grand Republican Rally.—A grand mass meeting will be held at Woodville, South Fayette township, on Monday next. A procession will be formed, in which delegations from the neighboring townships and counties will participate. Able speakers will be present, and visitors and delegations are invited from the city.

Southside Demonstration To-Night.—The Republican citizens of the Southside are earnestly invited to turn out this evening in the procession. Torches for all will be furnished at the headquarters of the Birmingham Grant and Colfax Club, on Denman street. Let every loyal Republican who desires the success of the cause show himself in the ranks to-night.

Too Noisy.—A party of four young men, riding in a two-horse wagon along Ohio street, Allegheny, about Wednesday midnight, amused themselves by startling the neighborhood with their unearthly yells and screeches. They were arrested by the police and lodged in the lockup until morning, when they paid a fine and were discharged. An empty whisky bottle in the bottom of the wagon explained matters.

Sent to Jail.—A colored boy named Samuel Stuetevant, said to be insane, was sent to jail by Mayor Blackmore yesterday morning, on the charge of surety of the peace, preferred by Mr. Jacob B. Feller. He went yesterday to the Eleventh ward school, armed with a knife, and pursued some of the children and threatened to stab the teacher. The managers of a charitable institution refused to take charge of him and hence his commitment to jail.

National Guards.—At the meeting held Thursday evening the Guards resolved to turn out in the torchlight procession in Allegheny City on Monday evening next. The Guards will wear a four-inch wide Custer tie, blue blouse, bronze belt and cap, dark pants with yellow stripe and white gloves. Each member is expected to furnish his own torch, with six-foot staff. Any member not present at the meeting wishing information will call on A. McCallum, 51 Fifth avenue. The company will form at the corner of Pitt and Liberty streets at 6:30 P. M. They expect to turn out over one hundred strong.

Manchester Branch Young Men's Christian Association.—At the last meeting of the Board of Directors of the Young Men's Christian Association a committee, consisting of Messrs. Oliver McClintock and Frank Woods, was appointed to settle up the affairs of the Manchester Branch. The design is to make this branch self-sustaining by severing the connection between it and the parent institution. This action is rendered necessary by the extensive and daily extending field of labor which the Association has in charge. The Committee have been instructed to attend to the matter immediately and report at the next monthly meeting of the Board.

Dr. Lighthill's Institute.

In another column will be found the card of Dr. Lighthill, a surgeon and physician who has attained high national reputation, and an author of several prominent medical works and treatises. He does not come into our city a stranger, as his name is familiar to most of our people. He proposes establishing here in our midst, at No. 296 Penn street, a permanent Medical Institute, for the relief and cure of all diseases of the eye, ear, throat and lungs. His office hours are from ten o'clock A. M. to four o'clock P. M.

Hearing of the Rioters.

A hearing of the parties charged with riot and malicious mischief, a reference to which we made a few days since, was had before Mayor Blackmore yesterday. The names of the offenders are: Bernard Gallagher, John Bradford, Thomas Grogan and John McCarthy. John C. McCarthy appeared for the accused, and T. B. Hamilton, W. C. Moreland and W. S. Purviance, Esqs., for the prosecution. The several charges were made by Dr. Joseph Abel, R. W. Jenkins, Briggs and Hoyle, Louis Sussman, Adam Burke, and others. The counsel for the prosecution asked for a postponement, but his request was not complied with, and the hearing proceeded. A large number of witnesses were examined, and from the testimony elicited His Honor felt justified in discharging John Bradford on the charge of riot. Grogan was held for a further hearing in the sum of $1,000. He was held to bail in the sum of $3,000 on the charge of malicious mischief preferred by Dr. Abel. The charges preferred by Messrs. Briggs and Sussman were withdrawn.

REPORT OF STREET COMMITTEE.

Mr. Myler, chairman of the Committee on Streets, presented the following report:

GENTLEMEN: Your Committee on Streets duly considered the following communications, and would report as follows in relation thereto:

Remonstrance to the widening of Webster street.

Further information being required, we would recommend that it be laid over for the present.

Though by the terms of the ordinance under which the city assumed a proportion of the cost of the canal sewer it is not at present required to assess the amount of same on property assessed for cost of Montgomery avenue sewer, yet in order that no misunderstanding may exist in the future in regard to this omission, we would offer the following:

Resolved, That it is inexpedient at present to assess on the Middle District the amount of money advanced by the City for the construction of the Canal Sewer.

We submit herewith, and ask the adoption of a profile of the grade of Gallagher street, and also a profile of the grade of Buena Vista street.

The report was accepted and the first resolution referred back to the Committee.

The second resolution was amended by striking out the word "inexpedient," and the word "expedient" inserted; the resolution was adopted as amended.

The resolution in reference to Mr. McVicker's assessment was referred back to the Street Committee, after considerable discussion.

In the matter of the assessment upon the Middle district, Mr. Hall moved to amend by striking out the word "inexpedient," and inserting "expedient," which was agreed to, and the resolution read three times and passed finally.

The Clerk of Common Council announced that their branch was ready to meet Select Council in Joint Session for the purpose of filling the vacancies occasioned by the resignation of Robert Dilworth, Esq., as Clerk to Committees, and James Park, Jr., as member of the Park Commission.

On motion the Select Council adjourned for the purpose stated.

The business of the Joint Session having been concluded, Select Council retired to its chamber, and adjourned.

Common Council.

Council came to order at 7½ o'clock, President Slagle in the chair.

The clerk, Robert Dilworth, Esq., called the roll, when the following members answered to their names: Messrs. Cutler, Comley, Clark, Eyster, Groetzinger, Hanna, Hochuly, Kennedy, Kunkle, Lindsay, Ley, Megraw, McNeill, Reynolds, Reed, Richardson, Reineman, Saints, Seidle, Slack, Tate, Voegtly, White, Warner and President Slagle.

Mr. White, a resolution instructing the Street Commissioner to have the crossing over the Pittsburgh, Fort Wayne and Chicago Railroad on Ohio avenue repaired immediately. Adopted.

In S. C. non-concurred and referred to the Committee on Streets.

Mr. Hanna, Chairman of the Market Committee, presented the following report:

To the Honorable, the Select and Common Councils of the City of Allegheny:

GENTLEMEN: Your Committee on Markets having been instructed by Councils to report the subject of the erection of a new market building, in proper shape for the action of Councils, would offer the following resolution for the procurement of plans as a preliminary measure looking to the erection of the building:

Resolved, That the Committee on Markets be and are hereby authorized to procure plans and specifications for a market building, to be erected on the Third Ward Square of the Diamond, and submit the same to Councils for their approval.

Your Committee duly considered the resolution, relating to the appointment of a Meat Inspector, also a petition for a change in the time of holding market from Friday to Thursday, and would report adversely to the former, and as regards the latter would submit an ordinanae changing the time of holding market, leaving it to Councils to fix the day.

The following is the ordinance:

Be it ordained and enacted by the Select and Common Councils of the City of Allegheny, and it is hereby enacted by the authority of the same, That section 2d, chapter 13, City Code, be and it is hereby amended after the words "until twelve o'clock noon on Tuesday" so as to read "and from twelve o'clock noon —— until twelve o'clock noon on ——."

We submit the following statement of the receipts of the Weighmasters and Clerk of Markets for the month of September, viz:

Geo. B. McNulty, Diamond Scales	$236 28
J. B. McAllister, Second ward	296 41
Duncan Dallas, Markets	1,020 25
Total	$1,552 94

Respectfully submitted.

On motion of Mr. Warner the report was accepted.

Mr. Cutler moved the adoption of the resolution.

Mr. Tate moved to amend by adopting "providing that the expense of procuring the plans does not exceed $100."

Mr. Slack thought that amonat was altogether too small to procure the proper specifications.

Mr. Megraw thought the plans were not needed as the plans prepared for the proposed building on the First ward square would answer the purpose.

Mr. Hanna stated that these plans would not do now, as they had been prepared several years since, and would not meet the present wants of the people. After some further discussion, the question was put and the amendment lost. The original motion was then taken up and adopted. Some further discussion ensued, when Mr. Slack moved to reconsider. Carried.

Mr. McNeill called for the yeas and nays on the passage of the resolution, resulting in its adoption by a vote of sixteen yeas and nine nays.

The ordinance providing for a change in market days was then taken up, and after considerable discussion laid on the table.

REPORT OF THE COMMITTEE ON WHARVES AND LANDINGS.

Mr. White presented the following report of the Committee on Wharves and Landings:

GENTLEMEN: Your Committee on Wharves and Landings would respectfully report that they have examined the street and wharf above the Mechanic Street Bridge, and find it necessary that the resolutions referred to them be carried out, and would recommend the adoption of said resolutions.

Your Committee have also authorized the Wharfmaster of the Eighth ward to have as many check posts as is necessary to be placed along the bank.

The report was accepted and the following resolution, referred to above, amended by striking out the world "clay," and adopted as amended:

Resolved, That the Street Commissioner be instructed to fill out with clay or clinkers that portion of Bank Lane which is curbed with timber to protect it from freshets.

REPORT OF THE COMMITTEE ON FIRE ENGINES.

Mr. Megraw, from the Committee on Fire Engines, presented the following report:

Gentlemen: Your Committee on Engines would respectfully report that they had under consideration the bill of W. P. Marshall & Co., and would report adversely to the payment of the same.

There are several bills in which members of Council are either directly or indirectly interested that remain unpaid, owing to the fact that a clause or section in the ordinance creating the office of City Controller makes it obligatory upon that officer to refuse to certify them to Councils.

Feeling satisfied that the bills are just and correct and that their payment should not be refused on account of a formality in the law, and the Controller being willing to pay the bills if so instructed, we would offer the following resolution instructing him accordingly:

Resolved, That the Controller be and he is hereby instructed to certify a warrant on the Treasurer in favor of each of the following named parties for the amounts opposite their names, viz:

J. K. Fleming, printing	$18 00
S. Drum, shovel	1 65
T. T. Myler & Co., blankets	12 00
Henry Faulkner, horse	250 00

The report was accepted and the resolution adopted.

In S. C. non-curred in, and case referred back to Committee to report the costs in each.

In all business not otherwise noted S. C. concurred. Adjourned.

The business of the joint session being over, Select Council retired to their Chamber.

ALLEGHENY COUNTY FAIR.

THIRD DAY.

The rain of yesterday, added to the cold north westerly wind which prevailed, put a damper upon the spirits of the public, causing a very slim attendance at the grounds. This, together with the excitement which prevailed relative to the riot on Wednesday night, kept away people. But few additions were made in any of the departments worthy of notice, and though we are sorry to make the remark, the fair has proved a dead failure. To-day, being the last of the exhibition, may, should the weather be favorable, prove more successful than the previous days, but we still are of the opinion that the attendance will be very slim.

There was nothing to break the dreary monotony of the day, but a runaway at a late hour yesterday evening. A trotting horse became restive and jumped the track, demolishing a buggy to which he was attached, but doing no other damage that we could learn. Another horse ran away, running over a man who attempted to stop him, injuring the man severely. This being just before dark, we were unable to learn the name of the party, who was taken from the grounds to his residence.

In noticing the display of Agricultural implements of yesterday, we inadvertently omitted to notice White Brothers & Co., who had on exhibition Burdick's National, and Hunt's Hoosier Fodder Cutters, which have been thoroughly tested and prove to be the most satisfactory cutters ever before introduced in this market. Besides these their general assortment of agricultural machines deserve great praise. At their warehouse, on Penn, between Wayne street and the Fort Wayne crossing, they have a large assortment of agricultural implements for sale, especially the Hydraulic Clothes Washer, which has been tested by and has obtained recommendations from the first families of this city, and the public are respectfully requested to call and examine their stock.

We are indebted to Judge Parke and the Managers of the Fair for the uniform courtesies extended to us, and only regret that unfavorable circumstances have rendered this fair a failure. No pains have been spared to render it a success, and we trust that to-day, being the closing day, the public will extend a liberal attendance to the County Fair.

AMERICAN BUTTON HOLE OVERSEAMING SEWING MACHINE.

Located at the left centre of Mechanics' Hall, at the Fair Grounds, is one of the most perfect combination Sewing Machines we have ever seen. We refer to the American Button Hole Overseaming Machine, exhibited by Chas. C. Balsley, whose salesroom is on the southwest corner of Fifth and Market streets, entrance No. 12 Fifth street. It is the cheapest and best combined machine in the market, and with its splendid mechanism gives a guarantee of accuracy, strength and durability, which must recommend it to the favorable notice of the community. The specimens of its work, which came under our inspection, embracing stitching, overseaming, embroidering, quilting, cording, braiding, gathering and sewing on, together with its beautiful button-hole and eyelet-hole work, are the best we have seen at any Fair, and we very cheerfully recommend this machine to families who need an economical and perfect sewing machine, knowing that it will give full and perfect satisfaction.

THE REASON.

We, in common with other visitors at the County Fair, could not but regret the absence of the Messrs. Elliott Bros. & Burgess from among the exhibitors. The firm is one of the most widely known of our Nurserymen and Florists, and their failure to make a display could not but be remarked. We are informed by a member of the firm that they were prevented from making their usual display in consequence of extensive additions and improvements to their green houses in Allegheny. The firm, it will be remembered, made a beautiful display at the State Fair last year, and have acquired a high reputation in their line. Their depot is at 116 Market street.

ALDERNEY CATTLE.

Among the stock on exhibition at the County Fair, were two fine specimens of Alderney Cattle, the young thorough bred bull, "Tom," twenty-one months old, and the four year old cow, "Annie," exhibited by W. B. McCrae, of Wilkins township. Mr. McCrae would especially call the attention of our farmers and stock raisers to this breed of cattle, which have long been celebrated among lovers of fine stock. The Alderney have no superiors for milch purposes, and those who would wish to improve their stock would do well to call upon Mr. McCrae, who will be at the Fair Grounds to-day, and who will give them cheerfully any information relative to this superior breed of stock.

FRUIT AND ORNAMENTAL TREES.

The fine collection of Ornamental Trees and Shrubs outside Power Hall, Fair Grounds, are from the celebrated Lebanon Nurseries of H. Bockstoce & Son., near Pittsburgh. This firm are ready to supply orders for Fruit or Ornamental Trees, Grape Cuttings, Shrubs, Roses, Green House and Bedding Plants, which can be filled by addressing them at box 1325, Pittsburgh Post Office, or at their Nursery Grounds, four and a half miles from the city on the old Washing on road.

THE DISPLAY OF MESSRS. BECKHAM & LONG.

The display of Agricultural Implements at the Fair Grounds, contributed by Messrs. Beckham & Long, has been one of the finest features of the County Fair. Their collection of Reapers, Mowers and Threshers, together with the fine assortment of Plows exhibited by them from the "Globe Works" of Messrs. Hall and Spear, have attracted universal attention. The reputation of these gentlemen, as dealers in Agricultural Implements, and their thorough knowledge and experience, has given them a wide reputation, and we would advise all those wishing Agricultural Implements to call at the wareroom, No. 127, Liberty street. To-day, being the closing day of the Fair, Mr. Long will be on the ground, and will be happy to explain to all visitors the relative points of merit of each Implement he has on exhibition, and take orders for the same.

A NEW FEATURE AT THE FAIR.

We would call the attention of merchants and business men of Pittsburgh to the splendid exhibition of show cards at Artists Hall, on the fair grounds, designed and executed by Crane & Co., 59 Fifth street, opposite the GAZETTE office. Those wanting a beautiful and desirable card would do well to inspect these specimens, which are the most beautiful and elaborate we have ever seen, especially the new design of metal edge, which can be applied to any style wished. Messrs. Crane & Co. will take orders for these cards at Artists' Hall, and will be happy to receive the visits of the business public. TF.

Mass Convention at Bakerstown.

The Republicans of Bakerstown, Richland township, held a grand Mass Convention on Tuesday, October 5th. The procession on the occasion was one of the largest ever witnessed in the vicinity. The mass meeting organized immediately after the procession. Addresses were made by Hon. Russell Errett and Thomas Howard, Esq., of Pittsburgh, and M. Barnes, of Bakerstown. The excitement was intense, but everything passed off quietly. The Republicans are jubilant at the success of their efforts.

Meeting at City Hall.

The announcement that R. Stockett Matthews, Esq., of Maryland, was to address a meeting at City Hall last night had the effect of filling the Hall to its utmost capacity. A large number of ladies were present, and the meeting throughout was the most orderly at at the same time the most enthusiastic ever convened in this city.

The meeting was called to order by Col. E. A. Montooth, who read a dispatch from Mr. Blain, dated Altoona, October 8th, stating that he had been detained by an accident on the railroad and would not reach the city before nine o'clock.

He then announced the following officers:

President—Maj. W. Frew.

Vice Presidents—Thomas Steele, Esq., Dr. W. H. Daly, J. N. Dean, Esq., Dr. C. King, W. C. Murray, John Torrence, Wm. Swisshelm, J. McD. Ossan, J. E. Brady, Jr., R. J. McGowan, WM. Hersh, Capt. M. W. Beltzhoover, Joseph S. Morrison, Esq., Alex. H. Miller, Esq., David Sims, B. A. Sampson, Esq., Silas Stark, Wm. Reams, Geo. R. Cochran, Col. Joe Kaye.

Secretaries—Members the Republican press.

Maj. Frew on taking the Chair, thanked the meeting for the honor done him by selecting him to preside. He was proud to say that he was a member of the great Republican party; and would "rather be a door keeper in the party of the Republic than to occupy a high position in the party of the rebellion." No party had ever accomplished so much in so short a time as the Republican party had done in the past twelve years. It had raised the country from insignificance to the proud position it now occupied. He held that the financial policy of the Democracy if carried out would distract and decoy the banking system now working successfully throughout the country, and we would have the same system which prevailed under Democratic rule, at the country would be flooded with worthless currency, and the result would be that in the crisis which would follow, every manufacturing establishment in this and other cities would be compelled to close. He desired to state before closing that among the many influential men who were leaving the ranks of the enemies of the government he had the pleasure to announce that Geo. B. Hamilton, Esq., a leading member of the Pittsburgh bar, had declared his intention to vote for General Grant. He then introduced the Mechanic's Glee Club of East Birmingham, who sang excellent style "Keep the Ball a Rolling."

R. Stockett Mathews, Esq., of Baltimore, was then introduced and addressed the meeting. The speaker is one of the most eloquent, logical and rhetoric speakers of the many who have visited our city during the present campaign. His address was nearly two hours in length, and was listened to by the vast audience with the strictest attention. He held that the Democratic party, for the past twenty years, had been prostituted to the interests of slavery and treason, and that having endeavored to overthrow the government they were fairly defeated and now ask the people to give them by the ballot what they had failed to acquire by the bullet. In support of this position he reviewed the record of the Democratic party from the days of Calhoun to the present time, and held that its only aim has been to perpetuate and make national the damnable institution of slavery. He then reviewed the records of the opposing candidates, closing with a eulogy upon Gen. Grant, which was the most powerful piece of eloquence we have ever heard.

At the conclusion of Mr. Mews' address the Glee Club sang another song, after which the meeting adjourned.

Stained Glass.

Among the remarkable improvements in American manufactures nothing is more noteworthy than the great strides which has been made within the last few years in the business of staining and melting glass. Up to a recent date the sumer has depended, in a large measure, on the English manufacturer. As a matter of course, the carriage alone, leaving out the dealer's and manufacturer's profit, imposed a large tax on the consumer sufficient, indeed, to justify the establishment of the business in our own country. Glass staining, however, to be conducted properly, should be combined with glass making. The glass stainer depends upon glass manufacturer for his material, is led in his operations, and necessarily requires more time to complete his work. The manufacturer, on the other hand, has ordinary facilities for staining and rolling unlimited quantities in a fraction of time required by the glass stainer. Page, Bellers and Duff, No. 8 Wood street, may be termed the pioneers of the new movement. They have demonstrated the fact that an article in every way equal to English stained glass can be made at rates favorable to the consumer. They are now prepared to fill orders for every style of plain, elegant and elaborate designed, stained and enameled glass, for public and private buildings, elegant transoms, sidelights, transoms for business houses, with name or firm and number of street, &c.

AN AUTOGRAPH LETTER FROM

GEORGE D. PRENTICE, Esq.,

Editor of the "Louisville Journal."

LOUISVILLE, Nov. 5th, 1866.

DR. LIGHTHILL—DEAR SIR: I am very sorry to learn that you contemplate leaving Louisville at the end of the present week. I earnestly wish that your engagement elsewhere might permit you to remain here for a longer time.

Your sojourn among us, Dr. Lighthill, will be long remembered by our people. It has been a blessing to many. You have treated me and a female member of my family with great success. You seem to me to understand, as by intuition, the character of a malady and its best remedy. You have a multitude of patients in this city, and I have not seen or heard of one to whom you held out the promise of relief without rendering it. Your entire practice among us has been a brilliant success, and I cheerfully recommend you to my friends and the public at large as a physician deserving the utmost confidence.

Hoping that you may live long to be a blessing to additional thousands of the afflicted, I am, very truly, yours, GEORGE D. PRENTICE.

Yours truly,

JOHN NOTT.
